Blackheath, S.E.3. West Wickham, Kent.
Tel: GREenwich 3946. Tel: Ravensbourne 6190.

Editorial

We greatly regret the disturbance caused to the production of the Gazette by the dispute in the Printing Trade over the last two months. The present position is that the issue due to appear early in February is in proof and it would have been possible to have had it out in mid-April. We have decided however to hold it over for the time being until we can produce a larger issue reporting the remainder of the Cross-Country season. We hope that this will be in the hands of readers in two or three weeks time. As this will be too late to carry advance notices for the track season we are issuing this leaflet to express our apologies to our readers for the delay and to announce the first part of the summer fixture list and various track notices.

Rather than leave it as an isolated publication we are numbering it in our Track Result Sheet Series and take this opportunity of announcing our intention to produce these leaflets at frequent intervals during the summer in order to offer Track men a more up to the minute news service than is possible in a publication coming out bi-monthly.

They will not however be given general circulation like this one but will be on sale during the season at a nominal charge to cover expenses. The Gazette will continue to provide a permanent record of Club fixtures.

No. 1.

April 1956.
